Working from their own photo collections, the scouts will also have the opportunity to create a number of other photo projects: choices include a photo banner, photo magnet, a photo mobile, special effect photos and photo greeting cards **and more!**

All the materials (including craft supplies and graphics) are supplied - the girls only need to bring eighteen 4x6 or smaller photos (for the photo projects) and 12 digital photo images (for the digital scrapbook page) on a memory card, CD or flash drive.
